EXPERIENCE

Holberton Coding School - San Juan, Puerto Rico   September 2024 - November 2024
CoquiNav- Built:
- Developed a web-app with one other developer that helps people connect with their local community through events.
- Built with: Google Maps API, Firebase, Flask, Python, Javascript, CSS, HTML.
- Role: As a backend developer, I built the CoquiNav app with one other developer that works by connecting people with their local community events using Google Maps API, Python, Javascript, CSS, HTML, and we used Firebase as the database.

Holberton Coding School - San Juan, Puerto Rico   June 2024 - August 2024
HBnB - Built:
- Created a clone of the AirBnB website starting from the console, to the static frontend, then the database, using API's and making it a dynamic webpage.
- Built with: Python, Javascript, HTML, CSS, Docker, Flask, MySQL.
- Role: Full stack software developer.

Evertec - San Juan, Puerto Rico   February 2023 - June 2023
IT Help Desk:
- Provided technical support to end users, troubleshooting hardware and software issues.
- Demonstrated strong problem-solving skills by quickly identifying root causes of technical issues. Collaborated with cross-functional teams to identify and resolve complex technical problems.
- Performed regular maintenance tasks such as software updates, virus scans, and system backups.

Gallo King Coin, LLC - San Juan, Puerto Rico   April 2022 - September 2022
Production Manager/Team Lead Software Developer:
- Managed a team of 16 production staff, providing guidance and support to achieve department goals.

- Managed budgetary responsibilities, including forecasting, monitoring expenses, and identifying cost-saving opportunities.
- Led cross-functional teams in the successful implementation of new product launches/introductions.

LEADERSHIP & COMMUNITY INVOLVEMENT

Organizer – Holbies Lightning Talks
Holberton Coding School, Puerto Rico | March 2025 – Present

- Initiated and organized a recurring speaker series where students share tech projects and insights, enhancing peer learning and public speaking skills.

Founding Member – Santurce Tech (Non-Profit Organization)
San Juan, Puerto Rico | Jan 2025 – Present

- An invite-only community bringing together entrepreneurs, leaders, innovators, artists, and badass people based in Puerto Rico through human-centered gatherings, provocative dialogue, and collaboration.

Mentor – BrainyHacks Hackathon
Colegio de Ingenieros y Agrimensores de Puerto Rico | April 2025

- Guided teenage student teams during the development of an app using the MIT App Inventor tool, providing technical feedback and mentorship throughout a 48-hour hackathon.
